Recreational Ponds,  
Horses, Livestock, Birds,  
Pets, Fish, Wildlife  
and the Environment.

# Why is PondClear™ so important for my pond's health?

Water clarity problems are caused by rotting vegetation, leaves, twigs and fish waste that have accumulated in your pond. PondClear™ is a special blend of highly concentrated beneficial bacteria designed to promote a clean and healthy ecosystem. PondClear™ works by consuming suspended organics and converting them into an odorless gas that safely escapes unnoticed out of the water column. In just a few weeks after your first application, you will begin to see a noticeable difference in water clarity.

## PC PondClear™ Natural Beneficial Bacteria

### HOW TO APPLY: DO NOT OPEN PACKETS!

Packets are to be applied directly to the water. Distribute packets from shore or boat. PondClear™ works best when evenly disbursed across the body of water.

**WHEN TO APPLY:** Apply every two weeks when water temperatures are above 50° F. Wait three days after an algacide and/or herbicide treatment to apply PondClear™.

### WATER USE RESTRICTIONS:

PondClear™ may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with PondClear™ may be used for recreation, fishing and other activities immediately after treatment. Safe for recreational ponds, horses, livestock, birds, pets, fish, wildlife and the environment. *Do not apply to water that will be used for human consumption.*

### QUICK DOSE CHART

Pond Size (surface acres)	Dosage Rate (every two weeks*)	Months of Treatment
Up to 1/4 acre	2 packets	6
Up to 1/2 acre	4 packets	3
Up to 3/4 acre	6 packets	2
Up to 1 acre*	8 packets	1.5

\*For ponds larger than one acre, use 8 packets per surface acre every 4 weeks.

### STORAGE AND HANDLING:

Keep product in original container and closed when not in use. Store in a cool, dry place. Do not allow to freeze. Wear rubber gloves when handling. Avoid dust inhalation. Avoid contact with skin, eyes and clothing. Wash with soap and water after use. PondClear™ has a 5-Year shelf life.

### ATTENTION:

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in the loss or injury of aquatic life. Airmax® Inc. is not responsible for any loss of aquatic life. This product is non-genetically altered and non-pathogenic. The microorganisms used to develop this product can be found naturally in soil and water.
